

Qualys Teams with TD SYNEX to Deliver Leading Security Solutions Including Vulnerability Management, Detection and Response and Patch Management via the Qualys Cloud Platform

November 1, 2021

Agreement with TD SYNEX further expands Qualys' market opportunity throughout North America

FOSTER CITY, Calif., Nov. 1, 2021 /PRNewswire/ -- [Qualys, Inc.](#) (NASDAQ: QLYS), a pioneer and leading provider of disruptive cloud-based IT, security and compliance solutions, has partnered with TD SYNEX as its North American distribution partner.

The agreement expands TD SYNEX' cybersecurity portfolio, offering its extensive base of resellers the cloud-native Qualys Cloud Platform, with its lightweight Cloud Agent that helps organizations streamline and consolidate their security and compliance solutions in a single platform. Apps include Qualys' game-changing VMDR (Vulnerability Management, Detection and Response) that seamlessly brings together discovery, assessment, detection and response into a single cloud-based app — significantly accelerating the ability of organizations to respond to threats and effectively prevent breaches. Joint customers will also have access to Qualys Patch Management to help them proactively patch prioritized vulnerabilities.

"We are excited to provide our partners with a comprehensive solution for their customer's security needs in a single platform – from prevention to detection to response – with Qualys' information security and compliance solutions," said Reyna Thompson, Senior Vice President, Product Management, TD SYNEX. "This agreement will deliver an integrated solution to help businesses simplify security operations while lowering their compliance costs."

"Backed by TD SYNEX' leading services and dedicated support, resellers will now have access to the Qualys Cloud Platform and its complement of security and compliance solutions, including VMDR, to help joint customers build security into their digital transformation initiatives and reduce costs," said Sumedh Thakar, president and CEO of Qualys. "Additionally, this strategic partnership will expand Qualys' presence and provide access to TD SYNEX' extensive ecosystem of partners.

Qualys Cloud Platform

The highly-scalable Qualys Cloud Platform and its powerful, lightweight Cloud Agent provide a single real-time view across hybrid environments from prevention to detection and response to help make businesses more secure. The platform provides a unified IT, security and compliance view and allows customers to consolidate their security stack and deploy Qualys solutions including VMDR, Multi-Vector EDR (Endpoint Detection and Response), Policy Compliance, File Integrity Monitoring, Patch Management and Global AssetView through a single agent with just one click.
