

Media Alert: Qualys Unveils VMDR 2.0, New Innovations for Vulnerability Management, Detection and Response at the Qualys Security Conference in San Francisco

May 25, 2022

Live demos and discussions on risk-based vulnerability management with Qualys product experts and customer presentations from Aflac, First American Financial and others

FOSTER CITY, Calif., May 25, 2022 /PRNewswire/ -- [Qualys, Inc.](#) (NASDAQ: QLYS), a pioneer and leading provider of disruptive cloud-based IT, security and compliance solutions, today announced it is holding the Qualys Security Conference (QSC) San Francisco in tandem with RSAC on June 7-8.

At the event, Qualys will unveil significant updates to the company's [Vulnerability Management, Detection and Response \(VMDR\)](#) solution. The new enhancements redefine how enterprises manage cybersecurity risk with an unprecedented capability to prioritize and remediate at scale.

Through keynotes, live demonstrations, customer presentations, training sessions and networking, the Qualys customer community will dive into the profound impact of the digital journey and converse on best practices and case studies on risk management and security automation.

The week will feature talks from Qualys experts, customer success stories and a feature keynote at the Cloud Security Alliance CxO Trust Summit:

Qualys QSC San Francisco Featuring VMDR Live

QSC San Francisco will be held in person at the Palace Hotel in San Francisco. To view the full schedule and to register for the event, visit the [website](#).
