

Media Alert: Qualys Readies VMDR®, Game-Changing Vulnerability Management Solution, for General Availability in Mid-March

February 24, 2020

Live VMDR Demo and Technology Previews Among Highlights of Qualys Security Conference San Francisco

FOSTER CITY, Calif., Feb. 24, 2020 /PRNewswire/ -- [Qualys, Inc.](#) (NASDAQ: QLYS), a pioneer and leading provider of cloud-based security and compliance solutions, is readying its newest solution, [VMDR®](#) – Vulnerability Management, Detection and Response – for general availability and will do a live demo of the solution at the [Qualys Security Conference San Francisco](#) on Tuesday, February 25.

Qualys VMDR provides an all-in-one cloud-based app that automates the entire vulnerability management cycle across on-premises, end-points, cloud, mobile, containers, OT and IOT environments – significantly accelerating the ability for organizations to respond to threats, and prevent breaches. Deployment for the cloud-based app is easy, and pricing is asset based, which makes it simple to procure.

At the time of the VMDR general availability, Qualys will also roll out a version with some of the VMDR functionalities to all of its customers, called the VMDR experience. The VMDR experience will give all existing customers powerful new capabilities at **no additional cost** including:

- Real-time visibility into vulnerabilities with easy-to-create dashboard widgets, automatic trending charts and near-instant searching.
- Complete asset visibility across 100% of the hybrid IT landscape, including cloud, container and mobile devices, with unlimited agents and passive sensors.
- Centralized view of all external digital certificates and their SSL Labs grades.

From the VMDR experience app, customer can directly self provision a 30-day free trial of all VMDR functionalities.

To learn more about Qualys VMDR and pre-register for a trial, visit www.qualys.com/vmdr.

Qualys also invites its customers and RSA attendees to the following events:

QSC San Francisco

At QSC San Francisco, Qualys will demo VMDR and show cool innovations planned for 2020, including next-gen EDR and Data Lake/Incident Response capabilities.

To register for QSC San Francisco, visit <https://www.qualys.com/qsc/2020/san-francisco>, or to sign up for the replay visit <https://www.qualys.com/2020/qsc-sf-recorded-sessions>.

CIO/CISO Interchange

The CIO/CISO Interchange promotes discussions, debates and exchanges with C-level executives centered around the challenges and opportunities Digital Transformation brings to security. Attendance is limited to senior technical executives at this exclusive event.
