

Qualys Added to Standard & Poor's SmallCap 600 Index

SAN FRANCISCO, CA -- (Marketwired) -- 03/03/16 -- Qualys, Inc. (NASDAQ: QLYS), a pioneer and leading provider of cloud-based security and compliance solutions, today announced that Standard & Poor's (S&P) added the company to the S&P SmallCap 600 Index as of the close of trading on March 2, 2016.

The index is designed to be an efficient portfolio of companies that meet specific inclusion criteria to ensure that they are investable and financially viable. Criteria for the S&P SmallCap 600 index includes U.S. company status, market capitalization in the range of \$300 million to \$1 billion, financial viability, adequate liquidity and reasonable price, public float of at least 50 percent, sector representation and an operating company status. Complete details on the guidelines for maintaining the index are available at www.standardandpoors.com.

"We are honored to now be part of the S&P 600 and I would like to take this opportunity to thank our customers and the Qualys team, who help us build Qualys into an innovative company, delivering solutions that help companies of all sizes to effectively secure their networks," said Philippe Courtot, chairman and CEO for Qualys.
