Qualys Security Conference Announces Keynote Lineup Including Industry Experts From DHS, Mandiant, SANS, Securosis and Wired

Eleventh Annual Conference Features Effective Strategies for Continuous Security Monitoring and Mitigation; and Showcases 19 Solution Partners and Case Studies From Leading Enterprises and Government Agencies

REDWOOD CITY, CA -- (Marketwired) -- 09/12/13 -- Qualys, Inc. (NASDAQ: QLYS), a pioneer and leading provider of cloud security and compliance solutions, today announced the agenda for its 11th Annual Qualys Security Conference (#qsc2013) in Las Vegas -- showcasing effective strategies for IT security and compliance. The conference, to be held at Aria Hotel in Las Vegas, NV, September 19-20, will focus on effective strategies for continuous monitoring and mitigation helping global enterprises and government agencies become more effective to fend off cyber attacks and streamline GRC efforts. The conference provides an open forum for Qualys customers, partners and industry experts to share best practices, as well as to provide live feedback to Qualys engineers working on the QualysGuard Cloud Platform and integrated suite of solutions.

The conference agenda includes keynotes from John Streufert from the U.S. Department of Homeland Security, along with security experts from Mandiant, the SANS Institute and Securosis. It will also feature Qualys customers, including CBS, Cisco, Johnson & Johnson, Oracle, Sabre Holdings, Universal Music Group, and USAA, sharing information on their QualysGuard deployments and best practices, and participating in peer-to-peer sessions.

Qualys partners participating in this conference include: Accuvant, Core Security, Dell Secureworks, FireMon, ForeScout, Fruition Partners, iViZ, Security, Mandiant, Lieberman Solutions, LockPath, RedSeal Networks, Risk I/O, RSA Archer, SkyBox Security, Thycotic, Trace Security, VeriSign, Verizon and Wipro.

Conference keynotes include:
